The Marvelous Drama I have watched was entitled 'Ching King Mansion'. The drama started by introducing the popular lady, Rose, in Ching King Mansion and her beloved daughter, Savanna, who was a born singer and enthusiastic in singing. It continued with the scene that Ms. Hannah, who was an ambitious lady, gave a huge sum of money to Rose for helping her to organize a talent contest as part of her publicity campaign. Savanna joined the contest to pursue her dream. The drama concluded with an open-ending of a dancing scene by Savanna's parents.

Being an audience member, I think the performance of both actors and actresses were indeed brilliant. The actress who played Savanna had such an angelic and heavenly voice – just like a professional singer on the stage. Another character I really like is Ms. Hannah, which was played by Ko Yuek Mei. Her remarkable performance including her facial expressions and body gesturing attracted most of the audience's attention and was totally impressive to me. I have to confess that I have become Ms. Hannah's fan after watching this drama as she could project the ambitious personality of the character she played.

However, there is a fly in the ointment in this drama performance. The time taken for changing one scene to another scene was too long and the audience had to keep waiting for the next scene to begin. Some scene-changing time exceeded the standard time of fifteen seconds and some went even as long as thirty seconds. Even if it could hard for changing each scene in such a short span of time, I think it can be slightly improved so that the audience can enjoy the drama in a less choppy manner.

All in all, I think this drama is quite awe-inspiring. It reminds me that we should always pursue our dream and follow our heart. We should look for things that we really want to do in our life while we are still a teenager. I can feel that the whole drama team has put all its effort, enthusiasm and energy in making this wonderful performance happen. I will strongly encourage anyone to watch this well-rehearsed drama 'Ching King Mansion'. It is definitely worth your precious time.
